5 things to know from the Nashua City Council meeting

By Chris Baldus
editorbaldus@gmail.com

The Nashua City Council met on Monday. Here are five news nuggets from the meeting.

1. **DAM MONEY** - The Chickasaw County Board of Supervisors will contribute \$50,000 to help with costs for the dam repair. The money will help pay for the engineering and other costs associated with evaluating the dam repair.
2. **DOG FIGHT** - The owner of a dog that allegedly bit at least three people or animals decided not to put it down and appears to have rejected a proposal by Council members to require the dog be moved out of city limits. The owner said they are getting a lawyer and the city will need to hold another hearing about the dog.
3. **BEACH PARKING** - The Council and Chickasaw County Sheriff Ryan Shawver discussed putting two "no parking between signs" at the beach, but no decision was made as the city clerk will research what the parking ordinance says about parking at the beach.
4. **COMMUNITY CELEBRATION** - Water Over the Dam Days 2.0 is scheduled for Aug. 26. Planned activities include a band, Pork Producers meal, fireworks and the Waterhawks ski team.
5. **233 MAIN STREET** - The Council discussed the dilapidated building of 223 Main St. and barricading off Woodbridge Street or making it a one-way street. Volunteer Firefighter Josh Caster is going to look into getting cement pylons to close off 1/2 of Woodbridge St. by the building.

IOWA DNR FISHING REPORT

Cedar River (above Nashua)

Water levels are very low. Use caution at boat ramps.

Black Crappie - Fair: Find crappie in brush piles or around woody structure. Use a minnow under a bobber.

Channel Catfish - Excellent: Try a dead chub, chicken liver, or stink baits on bottom in slow water.

Smallmouth Bass - Good: Use a jig with natural colored twister tail or nightcrawler in the brush piles.

Walleye - Fair: Try a jig tipped with a bright plastic tail.

(Nashua to La Porte City)

Anglers are catching walleye, smallmouth bass, and channel catfish on

the river.

Channel Catfish - Good: Use crawlers, stink baits, and chicken livers.

Smallmouth Bass - Fair: Try a jig with a twister and half of a crawler or cast crankbaits.

Walleye - Fair: Use a jig with a twister and half of a crawler/whole leech or cast crankbaits.

Decorah District Streams

A few streams get too warm to stock rainbow trout during the heat of the summer. This is an annual occurrence; plenty of fish remain in the streams. Stocking other streams continues as scheduled.

Brook Trout - Slow: Excellent hatches of gnats, midges, and mosquitoes are occurring.

Brown Trout - Slow: Terrestrial insects abound. Use flies imitating crickets, grasshoppers, ants, and beetles.

Rainbow Trout - Good: A small chunk of worm or cheese under a bobber fished through a deeper hole will turn a rainbow head. Cut the line on deeply hooked fish.

Shell Rock River

(Greene to Shell Rock)

Anglers are catching walleye, smallmouth bass, and channel catfish on the river.

Channel Catfish - Good: Use crawlers, stink baits, and chicken livers.

Smallmouth Bass - Good: Try a jig with

a twister and half of a crawler/whole leech or cast crankbaits.

Walleye - Fair: Use a jig with a twister and half of a crawler/whole leech or cast crankbaits.
